Everyone Welcome to Enter

Make a Vegetable Animal Competition

Get your creative funk on and bring your pre-made Veggie creations to school on the morning of the Garden Party - 13th July.

Your creation does not have to be limited to a certain size or be restricted by what you make, whether it is a caterpillar or an under the sea scene creation, it just needs to be made out of vegetable, as shown above.

We hope that you will be able to grow your creative imagination, whether it looks like flowers, plants, animal, building, bugs as long as it is a veggie sculpture.
