

## HMFA iPad Apps for KS2 Children aged 7-11

**Some of these apps are now available on Android devices too**

**Please start with the free apps. You are under no obligation to pay for apps.**

General		<b>Puffin Academy – free</b> Use Flash based programs via this app. E.g. MyMaths, EducationCity, BugClub etc
		<b>Tellagami Edu - £3.99 or Free for basic version</b> Tellagami Edu is a paid version of the Tellagami app loaded with features that allows classrooms to use the app without in-app purchases. Create a presentation with audio recordings. Great cross-curricular tool.
		<b>Book Creator – £3.99</b> Children can easily create and share (via iBooks) a simple or much more complex book which immediately looks professional. Sound and video can also be added.
		<b>ShowBie – Free</b> Teachers can share tasks with children and pupils can upload their answers as text, video or image.
		<b>ClassDojo – Free</b> ClassDojo offers a beautiful classroom management platform for teachers to easily encourage any behaviour or skill in the classroom and keep parents in the loop.
		<b>Explain Everything - £2.99</b> An Interactive Whiteboard at your fingertips. Create text, diagrams and videos to Explain Everything and anything.
English		<b>Pocket Phonics £1.99</b> PocketPhonics is used in primary schools and pre-schools to teach kids letter sounds, first words and handwriting.
		<b>Collins Big Cat: The Steam Train Story Creator - £Free</b> Children have several options: have the story read to them, read the story themselves, adapt the images to create their own story. They can write their own text or record their narrative.
		<b>Hairy Words2- £2.99</b> Learn the next 100 most common words with 12 new levels. Ages 6-8 years.
Maths		<b>Doodlemaths – Free but with in app purchases</b> Ideal if you want to purchase just 1 app to support your child at home. Some of HMFA schools have purchased this for school use.
		<b>Squeebles Times Tables - £2.99</b> Practice your times tables in the most fun and interactive way
		<b>Squeebles Addition &amp; Subtraction - £1.49</b> Practice your addition and subtraction in a fun, interactive way
		<b>Squeebles Fractions – £1.49</b> Practice your fractions in a fun, colourful way, with cakes!!!
		<b>Squeebles Maths Bingo - £1.49</b> Answer addition, subtraction, multiplication and division problems in a fun bingo card game.

Science		<b>BrainPop Jr – Movie of the week - £Free</b> BrainPOP Jr. content is designed to cultivate critical thinking skills and encourage children to ask questions and make connections. The app is easily navigable by kids ages 5-9. Opt in for additional content for \$1.99
Geography		<b>Ansel &amp; Clair’s Adventures in Africa - £3.99</b> Take a closer look at contrasting parts of the continent: the Sahara, Central Grasslands and Egypt. There is plenty to explore: wildlife, culture and geography.
		<b>Barefoot Atlas - \$4.99</b> Interactive fun and teaches about the world, places, cultures, animals etc
		<b>World Atlas – Free</b> View up-to-date World maps.
Computing		<b>Lego Movie Creator - £Free</b> This fun, kid-friendly app brings the whole family together to create a custom LEGO stop-motion movie.
		<b>Cargo-Bot - £Free</b> The first game programmed entirely on iPad® using Codea™
		<b>Light-bot –An Hour of Code- £Free</b> Light-bot lets players gain a practical understanding of basic control-flow concepts like procedures, loops, and conditionals, just by guiding a robot with commands to light up tiles and solve levels. Paid for version has more levels. <b>£1.99</b>
		<b>Popplet - £2.99</b> Create mind maps, notes, timelines etc
		<b>Move the Turtle - £1.99</b> An educational application that teaches children the basics of creating computer programs, using intuitive graphic commands and logo commands.
		<b>ICanAnimate - £1.99</b> Stop frame animation tool.
		<b>Vintagio - £1.49</b> Extremely powerful and artistic vintage video app packed with amazing and powerful features. You can add title cards and photos to create ‘Photostory-style’ effects you can edit video and change speed and transitions.
		<a href="http://snap.berkeley.edu/snapsource/snap.html">http://snap.berkeley.edu/snapsource/snap.html</a> Use Safari to find the app and then use Scratch based planning to teach programming. Not as easy to use as an app or the Scratch program on Windows but it is a useful free alternative to Tynker, LightBot etc
		<b>Tynker – An Hour of Code -£Free</b> Learn to program with puzzles and easily build your own games. No internet connectivity required. Start by solving coding puzzles. Great for Hour-of-Code and more. Full version is recommended - £3.99
Art		<b>Pic Collage - £Free</b> PicCollage allows you to create amazing collages using your photos, fun stickers, text with cool fonts and frames.

		<b>123D Sculpt - £Free</b> Choose a shape from the library of creatures, humans, vehicles, and more. Then push, pull and paint to make the sculpture your own.
		<b>Hello Color Pencil - £Free</b> An easy & fun drawing APP for children
		<b>Hello Oil painter - £Free</b>
<b>D.T.</b>		<b>Pettson's Inventions - £2.29 approx</b> The children work their way through a series of problems, designing solutions and collecting cogs which they'll use later on.
<b>Music</b>		<b>Beatwave - £Free</b> Create music tracks using samples, explore and have fun! Use a variety of sounds, adjust tempo and pitch and overlay tracks.
		<b>Virtuoso - £Free</b> The world's most popular Multi-Touch piano. Can be played by 2 musicians at a time..
		<b>Drums - £0.69 (not essential)</b> No app will ever replicate the real feeling of drumming away on a real kit, this is a really effective alternative! It's also a great way to find out if your children have a natural aptitude for drumming without splashing out in the first instance on a full kit!
		<b>Garage Band - £Free for 5 devices</b> GarageBand turns your iPad, iPhone, and iPod touch into a collection of Touch Instruments and a full-featured recording studio
