

English

In English we will continue our 'Talk for Writing' approach. We will look at poetry using 'The mysterious box' poem, story writing including suspense, persuasive writing through debates and informational texts by designing leaflets. We will also continue to concentrate on basic skills in spelling, punctuation and grammar.

Mathematics

In Maths this term, we will be working more on fractions including counting in tenths, sorting and equivalent fractions. Time including telling the time to five minutes and 24 hours clocks. Properties of shape including recognising and describing both 2D and 3D shapes, and mass and capacity which will include estimating and measure both. All of this will be a mixture of teacher led activities along with fun problem solving activities to reinforce the learning.

Science

In Science, we will be learning about Light. This will incorporate understanding that we need light to see things and that dark is the absence of light. We will be looking at how light reflects off surfaces, how the sun can be dangerous and how to protect ourselves, as well as recognising how shadows are formed and change depending on the position of the sun.

Physical Education

In PE, we will be focussing on striking games and athletics. We will look at the skills involved in rounders and cricket for striking games, including throwing, catching and hitting and using these in games situations. We will then look at all aspects of athletics, both track and field.

Class 3 Summer 2022

Ancient Egypt

On our journey through Ancient Egypt we will...

Computing

The children will be using GarageBand to help create music as part of learning about graphic scores.

We will also be looking at how to use emails, from composing and adding attachments, to sending.

Art and DT

Art this term will link heavily into our Egypt topic. Children will be turning themselves into pharaohs, sketching, painting, creating using clay and making jewellery.

We will look at brush strokes, learn how to sketch properly and use different techniques to explore texture.

In DT, we will be making informational pyramid models which will include electrical and mechanical components.

Religious Education

In RE we will be looking at inspirational people and why they are inspirations to some.

PSHE

We will continue to follow our Jigsaw scheme of work this term.

'Being me in my world'. We will reflect upon our identity, self-worth and responsibilities from other's perspective.

History Geography

We will be studying Ancient Egypt during history this term. We will look at where the Ancient Egyptians fall in the history of time, be studying pharaohs, the pyramids, mummification and Ancient Egyptian beliefs in the afterlife. We will be gaining skills in fact finding, modelling, and some of the science around mummification. We will hopefully fit in a trip to an Egyptian history museum also.

Languages

In French, we will be looking at aspects of French culture. We will do this by exploring a French town and learning about the buildings and how to give short directions around the town.

Music

In music we will be looking at technical terms used in music and their meaning. Children will also learn about graphic scores and how these can be used to help them to create their own musical compositions.

How you can help

Please continue to read with your child as often as possible, help them to learn their weekly spellings and support them with their times tables. Children can bring in Show and Tell if linked to our topic, writing or number skills. We will continue to have PE lessons on Tuesday and Thursday. Thank you for your continued support.
